

Your Percentage of the Decision Analysis

Describe the decision-making process of your marriage by indicating the percentage of influence you have, and the percentage your spouse has, for each issue. The total for each decision must be 100 percent. (Those who write 50:50 too many times will be considered dishonest.)

Decision CHOICE OF:	Percentage of My Vote	Percentage of Spouse's Vote	Who I feel is more qualified to contribute to this decision. (Write your initial for your spouse's.)
